Congressman Mo Brooks

Description:
Angry White Male

AKA:
The MoFlake; No Show Mo

Last Seen:
by tea party friends only

Modus Operandi
Likes intimate tea parties. Avoids public, unscripted gatherings. Believes there is a “bounty on his head” and that his constituents are out to get him.

Why It Matters:
Is Congress representing you and keeping you aware of what’s going on in Washington? Are they holding the Administration accountable? Is Mo really representing North Alabama?

Take Action:
Call Mo’s office and tell them you want a **public** Town Hall Meeting ASAP. Notify the press that you want representation in Congress.

Private meetings are fine for private business, but public policy should be discussed in public with public input.
